To whom it may concern:

It is with enthusiasm that I write this letter of recommendation for Deb Jackson who is a June 1992 graduate of the Atlanta School of Massage.

Deb's ability to combine the techniques of deep tissue massage with excellent palpation skills allows her to work very therapeutically with people in pain.

Deb is skilled in working very deeply in the tissues of the body without being intrusive and going beyond the patient's tolerance for pain.

As her coach during her program at "ASM" Deb's work is some of the finest massage work that I have had during my 2 1/2 years as part of the ASM teaching staff.

Deb works therapeutically at the patient's edge of pain and is capable of accessing her intuition and knowledge to interpret what her hands have discovered.

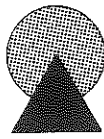

Sincerely,

Judea Harris
